Explanations

CRAWFORD COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

ORDINANCE NO. 2012-O-548

AN ORDINANCE AUTHORIZING EXECUTION OF A SERVICE AGREEMENT WITH THE LOWEST RESPONSIBLE BIDDER FOR THE SUPPLY OF ELECTRICITY FOR RESIDENTIAL AND SMALL COMMERCIAL RETAIL CUSTOMERS WHO DO NOT OPT OUT OF SUCH A PROGRAM

(Municipal electric aggregation)

WHEREAS, Section 1-92 of the Illinois Power Agency Act, 20 ILCS 3855/1- 92, permits a municipality, if authorized by referendum, to adopt an ordinance by which it may operate a program to solicit bids and enter into service agreements for the sale and purchase of electricity and related services and equipment to residential and small commercial customers who do not opt-out of such a program; and

WHEREAS, the Village of Oblong ("Village"), in a referendum held on November 6, 2012, submitted the public question of whether it should operate the program as an opt-out program; and

WHEREAS, the referendum passed by a majority vote of the qualified electors voting on the question; and

WHEREAS, the Village Board finds that the best interests of the Village are served by entering into an agreement with the lowest responsible bidder, pursuant to 20 ILCS 3855/1- 92, to aggregate the residential and small commercial retail electric loads located within the Village and to arrange for competitive electric supply to these retail electrical accounts; and

WHEREAS, because electricity is a commodity for which supply bids typically are made each morning and expire the same day at the close of business, the Village must act promptly to accept any such desired bid in order to contractually guarantee a per kilowatt hour electric rate for its residential and small commercial customers; and

NOW, THEREFORE, BE IT RESOLVED by the Village Board of the Village of Oblong, Crawford County, Illinois, as follows:

Section 1. The Mayor of the Village of Oblong, Illinois, be and the same is hereby authorized to execute and deliver and the Village Clerk of the Village of Oblong, Illinois, be and the same is hereby authorized to attest to said execution of a service agreement with the lowest responsible bidder for the supply of electricity for residential and small commercial retail customers who do not opt out of such a program, said execution and attestation to take place within the applicable time constraints required by the bidder; provided, however, that the energy price to be paid per kilowatt hour pursuant to the agreement is less than the default rate currently in effect, resulting in savings for the Village's residential and small commercial retail customers.

Section 2. This Ordinance shall be effective immediately and shall remain in effect until such time as the year 2012 electricity aggregation program electric supplier selection process has been completed.

Motion was made by Trustee Tony Madlem, seconded by Trustee Joe Campanella, that the Ordinance be adopted.

ORDINANCE NO. 2013-0-553

AN ORDINANCE RENEWING AN EXISTING FRANCHISE AND GRANTING FOR A PERIOD OF 20 YEARS TO AMEREN ILLINOIS, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, THE FRANCHISE, RIGHT, PERMISSION AND AUTHORITY TO CONSTRUCT, RECONSTRUCT, EXCAVATE FOR, PLACE, REMOVE, EXTEND, MAINTAIN, AND OPERATE AN ELECTRIC UTILITY SYSTEM IN THE VILLAGE OF OBLONG, COUNTY OF CRAWFORD AND STATE OF ILLINOIS.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF OBLONG, COUNTY OF CRAWFORD, AND THE STATE OF ILLINOIS, AS FOLLOWS:

SECTION 1. It is the intent of the parties by this Ordinance to extend for an additional term, subject to the terms and conditions here stated, the authorization to Ameren Illinois, its successors and assigns, to construct, operate and maintain a utility system within the Village as originally authorized by Ordinance No. 236 approved on September 18, 1963 and amended by Ordinance No. 2013-O-549 on January 2, 2013. The parties acknowledge that by so doing they are continuing an existing relationship authorizing the services of a utility for the provision of electric energy and other purposes within the Village for the benefit of its citizens and residents as well as other consumers of electric energy located within its corporate limits. For purposes of construing the terms, rights and obligations of the parties this authorization is granted pursuant to Section 14 of the Electric Supplier Act, 220 ILCS 30/14, and the Illinois Municipal Code, 65 ILCS 5-1-1-1, et seq.

SECTION 2. There is hereby given and granted to Ameren Illinois, its successors and assigns (hereinafter referred to as the "Company"), the right, privilege and authority to construct, operate, maintain and/or extend within the corporate limits, as the same now exists or may hereafter be extended, of the Village of Oblong (hereinafter referred to as "Municipality"), an electric utility system for the transmission, distribution and/or sale of electric energy and other purposes (the "System"), together with the right, privilege and authority to erect, construct, install, operate and/or maintain all poles, conductors, wires, cables, conduits, equipment and/or other apparatus as may be necessary or convenient for the System, in, upon, along, over, under, through and/or across each and all of the streets, avenues, alleys, bridges, easements, rights of way and/or other public places.

SECTION 3. All poles and other equipment placed or installed under this Ordinance in streets, alleys, avenues, public places, or right-of-way, shall be so placed as not to interfere unnecessarily with travel on such streets, alleys, avenues, public places, or right-of-way. All poles and other equipment placed or installed under this Ordinance shall be so located as not to injure unnecessarily any pipes, conduits, sewers, drains, pavement or other like public improvements, and said Company shall forthwith repair any damage caused to such improvements to the satisfaction of the official or officials of said Municipality having charge of the supervision thereof and in default thereof said Municipality may repair such damage and charge the cost thereof to, and collect the same from, the Company. All facilities of Company in said Municipality shall be installed and maintained in accordance with the applicable rules and regulations of the Illinois Commerce Commission.

When any roadway within a right-of-way shall be graded, curbed, paved or otherwise changed or when there is a relocation of such right-of-way, so as to make the resetting or relocation of any poles or other equipment placed or installed under this Ordinance necessary,

the Company shall make such resetting or relocation, at the Company's cost and expense. Municipality shall provide the Company with a suitable location for the resetting or relocation of such poles or other equipment, and the Company's obligation shall be limited to resetting or relocating poles or other equipment of the same type and configuration as the displaced poles or other equipment. Company shall make such resetting or relocation within a reasonable time after receiving written notice of the need for the same from the authorized representative of the Municipality, and the establishment by the Municipality of the permanent grade at the new location. Except as expressly stated, nothing in this Section requires the Company to bear responsibility for any costs or expenses to relocate its poles or other equipment for any other reason or cause.

SECTION 4. In order for Company to render efficient, safe, and continuous services, it will be necessary for Company to conduct vegetation management activities, including the trimming or pruning and cutting down of the trunks and branches of trees and/or vines and shrubs along or over the streets, sidewalks, alleys, avenues, squares, bridges and other public places in said Municipality, and areas dedicated to the Municipality for public utility use, wherever the same are likely to interfere with its equipment; therefore, Company is hereby granted the right to conduct such vegetation management activities so as to enable it to erect, operate and maintain its equipment in a regular and consistent form and manner and to enable it to provide the most efficient, safe, and continuous service that the circumstances will permit; provided, however, that Company shall exercise proper care and discretion in its vegetation management activities. Company shall conduct its vegetation management activities in accordance with applicable law, including without limitation, 220 ILCS 5/8-505.1, and any amendments thereto. Notwithstanding the foregoing, to the extent applicable law may be superceded or modified by an agreement between Municipality and Company, Municipality and Company reserve the right to enter into such an agreement.

SECTION 5. The rates to be charged by the Company for electric service rendered under this Ordinance shall be such as are approved from time to time by the Illinois Commerce Commission of the State of Illinois and/or such other duly constituted governmental authority as shall have jurisdiction thereof. All Rules and Regulations of the Illinois Commerce Commission of the State of Illinois applicable to the rights, privileges and authority granted by this Ordinance, in the event of conflict herewith, shall govern.

SECTION 6. As a further consideration for the rights, privileges and authorities granted by this ordinance, the Company shall, throughout the period in which Company shall exercise the rights, privileges and authority granted by this ordinance furnish to the said Municipality, compensation in the amount of \$9,975, payable annually, within 30 days of the anniversary date. Municipality may request a revision to the compensation amount after five years from the date of passage of this ordinance if Municipality has a reasonable belief that its population has increased or decreased by 3% or more. Municipality must request the revision at least 60 days prior to the next anniversary date. If Company confirms that the number of customers served by the System within Municipality's corporate limits has increased or decreased by 3% or more, the compensation amount will be revised by that percentage for the next and succeeding payments. Municipality may request similar revisions to compensation amounts under these criteria in additional five year periods throughout the term of this ordinance.

SECTION 7. If, at any time, during the term of this contract, Municipality permits another entity or person to provide electric distribution or similar services, and Company reasonably believes the other entity or person is granted more favorable treatment, terms, or

conditions, then Company shall notify Municipality of such treatment, terms, or conditions. Alternatively, if Municipality reasonably believes the other entity or person grants Municipality more favorable treatment, terms, or conditions, then Municipality shall notify Company of such treatment, terms, or conditions. Upon receipt of such notice, Municipality and Company shall negotiate in good faith to amend this ordinance to provide Company or Municipality such more favorable treatment, terms or conditions on an equivalent basis. Such amendment shall take into consideration all circumstances that distinguish between Company and the entity or person receiving the more favorable or less favorable treatment, terms, or conditions.

SECTION 8. Explanations

CRAWFORD COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July,, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Explanations

CRAWFORD COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

Explanations

CRAWFORD COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.
